Maybe you love me  
Maybe you don't  
Don't try to play me  
I'm the same as before

Uhh, yea  
Ain't it my agenda? (agenda)

You could be my friend or you could be my enemy  
Two choices in front of you, it really don't offend me (offend me)  
If I'm a free man (man), don't apprehend me (yep)  
Don't contradict me, situation could get sticky (sticky)

Now we in the back of my Bentley, she want to tickle me  
On her neck was a hickey, had to take a second glance  
She looking damn good in her spandex pants (that ass)  
My skills bending hands, no more shaking hands  
You got to bring some bad bitches if you want a second chance

Maybe you don't  
Don't try to play me  
I'm the same as before  
People talk about the new me  
Say what you want  
Maybe you love me  
Maybe you don't (Maybe you don't)

If you don't want to love me, you don't got to love me no more  
(And we can restart)

(Real) looking young, but I'm looking yonder (yonder)  
Hot like five saunas, my shoelaces is iguana (iguana)

I can't drive a Honda (uh uh)  
Now I got options, you can hate me if you wanna  
You used to be so pretty (pretty)  
I kiss you on the titty (titty)  
Take trips to Mississippi because your attitude is shitty (damn)  
Now you got a choice, listen to my voice (voice)  
Make your legs moist when I push a Rolls Royce (vroom)  
Push button start (start)  
I pull a car apart  
You should practice martial arts, the way you karate chop my heart  
I could leave your ass or you could play your part (part)  
You could reset or we could restart
