Heres a little story I gotta tell
'Bout this boy I know so well
Back in the day was cool and all
He fell in love I fell in love
I thought he was the one for me
Other boys I could not see
and look what happened to our love
I'm like how could it be

It shoulda been me and you
It coulda been you and me
But boy you broke my heart
and now I'm standing there
It shoulda been me and you
It coulda been you and me

Now all I got are these photographs
All I've got
All I've got
All I've got
are these photographs
All I've got
All I've got

Its nothing without you, you, you
Got nothing without you, you, you
Got nothing without you

Now baby its killing me
I'm saying its killing me
The fact that you aint around
Baby, I'm falling down
I need me a remedy
Been looking for remedys
I need you to be around
Baby I'm hurting now
I know you're a better man (when I was your girl)
This land is a better land (when you're in my world)

Today will be better, babe
?? went out yesterday, so happy and lovely
Hey, hey, hey

All I've got
All I've got
All I've got
are these photographs
All I've got
All I've got

Its nothing without you, you, you
Got nothing without you, you, you
Got nothing without you

All I've got are these photographs
I remember when I used to make you laugh
I don't wanna be stuck in the past

But you're all that I have that I had
And I don't wanna lose what we've felt this far
This is me and you, you're my superstar
I'll give anything baby, heres my heart
My heart..my heart

(Will.I.am verses)
My heart don't stop
My heart be beating over
My loving never stops
Even though that it's over
