You ain't never seen an underground MC, like me, go
harder I'mma start a revolution
People talkin shit but they don't wanna do none
Rappers wanna battle lyric-ally execute them
Gruesome, super than a buffon, too dumb, name hotter
than the sun is over Tucson
People sayin "where the fuck dude from?"
Come and look, got em stuck, like I shot em with a glue
gun
White Ice Cube stompin with some black boots on
Got your girlfriend drinkin on some boons farm
Send her back to you drunk
You don't wanna kiss her cuz I came inside her mouth
now get the fuck up off the footon
On the paper route I gotta get a move on, if I ever
wanna register with DuPron
To get the coupe with the roof gone, trying to stack
dough like a crew, son, pocket fulla croutons
Who got dope and on stupid purp, real proper say hits
super hot beat dookamer
I'mma treat her like a loud mouth bitch, when I spit
it's like I'm physically abusing her
White Jesus, I'm LUCIFER, Toebiz cool shoes, then you
don't wanna shoot the bird
I'll tell a wack rapper too berserk, maybe they can
study how to execute the verse
Cuz up in my car I'm a loon to burst
Don't nobody give a shit bout who ya worth, cuz I can
move the Earth and use the words I'm finally here
I came back from the future first and no maybes, I'm
too for sure
These stars align, and this year is mine, doin a line
of clear when they hear me rhyme cuz I'm

Goin crazy, too berserk, so high now I'm nuclear
Outta this world I'm Jupiter, flow so tubular and I'm
smokin
CRAZY
Stupider
Finally got a little loot to burn
Hops out the Cadillac hearse but you're finally here I
came back from the future first
And go crazy, too berserk, crazy, nuclear, crazy, I'm
finally here I came back from the future first
And DJ go crazy

Hungry for the money I'm about to have a FEAST
When I'm battlin I'm BEAST, When I let em know
Think a wing, then I'm gonna sev his head but no
Cinnamon and when I'm spittin venom then they go
Lookin now, like another enemy below
They can see the fro, diamonds and the gold, jewelery,

Back then gold diggers never woulda spoke, now you see
these hoes at the show and

Goin crazy, too berserk, so high now I'm nuclear
