

# Say No More

Rittz

My God, my God  
I'm odd, I'm strange  
Tech would make it and kill it make a time frame  
And put 'em out gun 'em down yelling dialing  
Let where the bus pass fly get dry paint  
I'm game and a flick cannot gain  
What lanes that do go far from it  
Killing you in you ain't apart from it  
Show you when I'm in it  
When I'm stripping in the car for it  
Let's ask it will it never ask can come buddy  
Blood ticking like a virgin' pussy on homecoming  
This is me similar and see some dough for  
And can be a couple motor tryin to cheat on your show money  
Backstage doing road with a snow bunny  
Rappers that you thinks spoke funny  
But don't come at me bro homie you don't want me  
Be coyote dudes too slow with a throw up  
3 5 7 throw fuck it you choke on it  
Know when it's fucking with Jake or Chris or Sas coupe  
Well let's cut the scoop for mayday  
You see the stake I bet upon a neck for this  
We're the nr. 1 in the pin  
And we could spin and if I said just spend in  
And fuck a name and it's trans again  
A type of sinner that came in the pistol spin  
You're a geal!  
Bitch  
Rittz  
And fuck a name and it's trans again  
A type of sinner that came in the pistol spin  
You're a geal!

He's on a killer chop of the chop  
It ain't no time to get it on  
Strip it to topless come out marvoulous  
And so you get the barking dog  
We never parked it out  
Whenever the niggas kicked it off  
And then we get to talk it on  
We get the not enough, we with Tech and Rittz and all  
King of the topper same king think I'm a wapper  
Mean teeth like I'm think I'm the wapper

Get up under the killer he's a banana supplier  
Without my mission to fill 'em we digging a hole  
Man I got the milla for reala  
Get the chilling with villain  
And hit the grin with the stellar we taking a sword  
Step in the circle and fresh a gun up to your throat  
Gotta be working to put your body in a nor  
Sucking you never gonna get a weapon of a soldier  
Animals in the road never slowed the cora

Calling me insane is a name with honor  
Evil up the pain make a vain persona  
Middle in pain when I rain the llama  
Only if I can lane will blame the drama  
Picking up poke him up pushing the pain  
Pop a pill he upon his pops and pray  
Peeping to passing in penalty play  
Bitches pass and pay the pussy benay

I'm sorry y'all,  
Talking about a demon and a hardy fall  
When I should've been having a ball and a party y'all  
Nigga mardi gras, hella Narnia  
But I came deranged I aim to wage a war  
Change the game derange the cane for gore
