

# Wastin Time

Rittz

Smoking weed day and night  
Partyin till late in night  
'Cause all we do is drink  
All we do is smoke  
All we do is wastin' time

High school drop out chopped the one  
Honorary school smoked master blunts  
My mom was at work my dad was gone  
It felt wrong not the first period we run  
Inside the burns back on book on high I'm 29  
Skipping school made the winter feel like summertime  
Getting use in every class but fuck if I don't pass  
I don't plan to graduate I really wanna rhyme  
And more on the side, 16 meek leans  
And I vow on rapper shit  
Came my mom from work and told her fuck highschool  
I ain't never goin back I quit  
She cried her eyes out all I did was laugh and clique  
Hung up on her with a dick like the back on it  
That was the last thing she need  
She would cry herself to sleep every night  
'Cause my dad just left for shit  
Maybe this a reason for rebellion  
Maybe it's the reason I'm inhaling stealing  
Doing guest runs breaking in the vacuum  
Cleaning strap stolen cars like a hell yeah  
Smoke another ill ya tryin to act wrong  
But we was just children snorting coke kicking acid  
Another shotgun to the nose 10 years in a row  
High on a bunch of town racing bastards

Smoking weed day and night  
Partyin till late in night  
'Cause all we do is drink  
All we do is smoke  
All we do is wastin' time  
I know I need to change my life  
But it's hard for me to say goodnight  
'Cause all we do is drink  
All we do is smoke  
All we do is wastin' time

Kids my age done graduate in college  
Some even some have some kids  
Most of them have their cars and cars  
Or large houses even on their rapper shit  
Which means I don't got a job  
I just have a couple hundred dollars  
And a stack and a pack of cigs  
Still smoke with the crew but it ain't fun like it used to be  
We got high , we would laugh and bitch about  
Shit we don't got fun enough  
Some young even got money for drugs  
Getting 2 wanna be wonderful cops  
In spite tag tabs driving with a gun and a glove  
With no permit turned it to a drug

Got it yesterday my dad called and he said that I concerned him  
'Cause I'm paying when I'm free  
When I see him at my house like a hermit  
Hurry put a kermit  
When the damn damn jobs bought time for the extra cash  
But it never lasts, and it never had  
Any backup plan road running from a driver over check a cab  
I need to catch a nap but not enough  
For 3 days don 't mess with my so called better half  
Oath to the 05 was a blur occurred to me one night  
I was in the lab just

That was a waste of time when I was waiting around  
With that MD20/20  
Rap game ain't paying my pockets I ain't begging my friends they'll still enter  
Ribs state, my mouth is dry lookin for another count to occupy  
Mama like come on baby maybe this ain't for you  
Give another 5 to 9 a try  
But I rather say a boolay movie at my partner's suv  
Bang my music, roll a doobie  
Sip some lean, hit the strill  
Bang the bitch that probably average  
And when she pop a pill she's a savage  
And I was half lid when I smashed it  
Woke up at 2 douzin 8  
Think I'm losing my faith, good Lord ain't have shit  
A vixen note just fucked me and focus  
I'm overdose and on J n B  
Black god and all come to y'all  
Sipping on it who got the green  
'Cause I need it  
1.55 so can whip that and I eat it  
It's a blessing I'm still breathing  
'Cause I was
