

Cut Out to FL

RJD2

Is there something wrong?

Ahhh.... I was just sorta, you know, thinkin' about tomorrow.
Tomorrow?

The lawyer said I'll probably get off; you know, probation or something like that

But he might be saying that afraid i'll jump bail and take off.

What are you gonna do?

I was thinking about cutting out to Florida tonight.

(i said) I'm thinking about getting lost down there.
You know, it's real warm down there;
Out on the beaches at night.

Where will i find you? (what if i want you?)
Yeah but hmm... I'm used to being independant
I couldn't be put in a cage or anything
And besides, you'll never wait.

Yes I will.

You say that now, but you don't really mean that.
I will. i promise i will. {fade out}
