If your friends only knew how bad they stare By not being you there would be bloodshed So you keep it to yourself The comfortable life you live Don't make it look easy Hide the means you achieve Ref: It's a shining path of light through your secrets It's a shining path in your mind to run free La-la-la-la La-la-lahhhhhh, ohh La-la-lah-lah-la La-la-lahhhhhh ah-oh

If you walk among them
as a comrade
They won't see the albatross
That lives in your shadow
But maybe your worry
Is just a red herring
And all this time you're
The only one caring
