Emi

Please don't think of me

D

If you do you gotta block it

Emi

I got chills tonight

Emi

And you can't be here to stop it

Ami

I'm not a parasite

G

ע

It's just a lonely night

Emi D

Tonight

I walked from the bar
'Cause they were only laughing
I wished on our star
But they covered it in satin
I'm not a gigolo
That's what I want you to know
Tonight

C D Ami

Ooh ooh I've hurt you I can see

C D

G

Ooh ooh Do you think it's not hurting me

C D

Δmi

Ooh ooh The grass ain't always green And if it's hurting you

Emi D

You know that's its hurting me You know that's its hurting me

You'll meet other men
Who will break your heart
If I see you with them
It's gonna tear me apart
Maybe in another life
We wouldn't be alone
Tonight
Ooh ooh

You know that it's hurting me You know that it's hurting me
