

Blues Get Off My Shoulder

Robert Cray

There's a cold, cold feelin' 'round my heart
It's trying to get colder
And this heavy heart proves I've been touched by the blues
Blues, get off my shoulder.

Got my heart not speakin' to my head
Even getting older
And this heavy heart proves that I've been touched by the blues
Blues, get off my shoulder.

Blues, you hurt me, can't you see
Oh you're so mean to me
I can't help you
Please let me be
Oh, won't you hear my plea

Now this cold, cold feelin', driving me back
I sure miss the love that I had.
And I hope I love these blues as I get little older.
Blues, get off my shoulder.

Now this cold, cold feelin' is drivin' me mad.
Oh, I sure miss the love that I had.
I hope I lose this blues before I get a little older
Blues, get off my shoulder.
Oh, oh
