I Was Warned

Robert Cray

Oh, I was warned about her love But like a fool I went on Whether they're right or wrong At least the mystery is gone

The more people talked about her The more I had to see I had to find out for myself What could she do for me

Her lips were so inviting Her hands soft to touch After just one kiss I knew I was out of luck

From then on I was hers to control And knowing that, she robbed me Of my heart and robbed me of my soul

Oh, I was warned about her love And I'll have to stay strong Whether they're right or wrong At least the mystery is gone

From then on I was hers to control And knowing that she robbed me of my heart And robbed me of my soul, yeah

Oh, I was warned about her love But like a fool I went on Whether they're right or wrong At least the mystery is gone

She had a left hand filled with diamonds And the other filled with lies She saw right through me There was no place to hide

Now I've finally learned my lesson But you'll never tell the pain her love left me I hide so well, I go on day by day in fear And knowing that I'll never, never love again Only brings tears

Oh, I was warned about her love And I'll have to stay strong Whether they're right or they're wrong At least the mystery is gone

Whether they're right or wrong At least the mystery is gone I was warned about her love
