

# I Believe

Robert Plant

Tears, tears at the waters edge  
Hey, little sister give us laughter instead  
Tears for the teacher, from the eyes, for her soul  
This restless spirit takes a long way back home

Like the wind, you are free  
Just a whisper I hear you, so talk to me

Oh, I believe, ayy-o-ayy  
Say brother sisters, see your brothers in the sky  
Neighbor, neighbor, don't be so cold  
It's only glory from the story untold, ah-ooh

Oh, I believe, ayy-o-ayy  
Say brother sisters, see your brothers in the sky, oh oh oh  
Neighbor, neighbor, don't be so cold  
It's so much glory from the story untold  
Ah-ooh, ooh, mmm, yeah

Big fire, on top of the hill  
A worthless gesture and last farewell  
Tears from your mother, from the pits of her soul  
Look at your father, see his blood run cold

Like the wind, you are free  
Just a whisper, I hear you, so talk to me  
Oh talk to me, oh talk to me  
Oh talk to me, oh come on now, come on now

I believe, ayy-o-ayy  
Say brothers sisters, see your brothers in the sky  
Neighbor, neighbor, don't be so cold  
There's so much glory from the story untold, ah-ooh

I believe, ayy-o-ayy  
Say brothers sisters, see your brothers in the sky  
Neighbor, neighbor, don't be so cold  
There's so much glory from the story untold  
Ah-ooh, ooh, I believe, I believe, I believe
