

## And The Feeling's Good

Roberta Flack

One by one  
All my darkness and fear are disappearing  
And haze zeroed till life is dreary  
Feeling steady now  
Getting ready now

In my mind  
Sweet and tender thoughts of you are spinning  
We are together now  
It's all binging  
I can make it with your help  
With you to love you know I can

And I'm feeling good  
Knowing now I've got a lot to give  
Yes the feeling is good  
It's a groovy kind of life to live  
And it feels so good  
You know the joy is the song, keep singing

On my way  
With you near me I'll keep growing stronger  
What was far from me is far no longer  
And I can make it with your help  
With you to love I know I can
