

Independent Man

Roberta Flack

I wanna dance
Dance, dance, dance, dance, dance
Hey independent man
Won't you dance with me
Dance

He walks out on the floor
And picks the prettiest girl
And when the music plays
He is lost in another world

Independent man
Take my hand
Dance with me
Independent man
Dance with me

Watching
He's a sweet imaginary vision
Some kind of wonder of precision
We'll fly higher than the rest
He always gives his best

Independent man
Take my hand
Dance with me
Independent man
Dance with me

He made it look so easy
We make it look so smooth
You know how to make love to me
Every time I watch you move
You move

Independent man
Take my hand
Dance with me
Independent man
Dance with me

Independent man
Take my hand
Dance with me
Independent man
I wanna dance

He's got the eye of a cat
He's got a different style
The song may be happy or sad
But you'll never see him smile

Independent man
Take my hand
Dance with me
Independent man
Dance with me
