

# Ain't No Use to Worry

Robin Trower

Ain't no use to worry  
Fortunes rise and fall  
Should not be your worry not at all  
Ain't no use to worry  
By monday you don't learn  
Should not be your worry or concern  
My brother you need to care 'bout what you learn  
You need to show how much you care for the one you love

Ain't no use to worry  
What the carter said he'd do  
Should not be your worry red or blue

But brother you need to care 'bout what you learn  
You need to show how much you care for the one you love  
Ain't no use to worry  
When your time may come  
Might as well just worry 'bout the rising sun  
Ain't no use to worry  
Change gonna come all too  
Cause it sure won't make no difference if you do
