

I Believe to My Soul

Robin Trower

One of these days and it won't be long,
You're gonna look for me and I'll be gone.

'Cause I believe (I believe, yes I believe)
I believe to my soul right now (yes, I believe)
I believe you're trying to make a fool of me.

Well you're goin' 'round here with your head so hard,
I think I'm about to lose my mind.

'Cause I believe (I believe, yes I believe)
I believe to my soul right now (yes, I believe)
I believe you're trying to make a fool of me.

Last night when you were sleeping I heard you say
"Oh, Johnny", that's when I start right in to pray.

'Cause I believe (I believe, yes I believe)
I believe to my soul right now (yes, I believe)
'Cause I believe you're trying to make a fool of me.
