

# Lady Love

Robin Trower

Lady love  
I heard a voice and it soothed me  
Lady love  
A simple tune and it moved me

Move me and sooth me  
Leading me home  
Truly for me now  
Lady love

Lady love  
The man's a fool to be leaving  
Dreams of love  
Passing by like the seasons

Maybe I'll wake up  
Oh, tell me I will  
And find you there waiting  
Lady love

Lady love  
I need some warm and tender  
Nights of love  
Sweet and fine to remember

Maybe tomorrow  
Your fever will find me  
Waiting for me now  
Lady love

I'll find you waiting, lady love  
Find you there waiting, lady love  
I'll find you waiting, lady love  
Waiting, waiting, lady love
