

Save Your Love

Robin Trower

Save your love,
You may need it some other day.
I know your love to here and true,
But that's not the way he's treating you.
Save your love,
Such a precious thing to throw away.

I'm pearent to hear every word you have to say
You're giving everything and that's all fine
But I see relationship in still decline.

Save your love,
Such a precious thing to throw away.

Save your love,
Your life is not a one act play.
I pray your thinking comes out right
And we just met away into the night.

Save your love,
Such a precious thing to throw away.
