

We Will Be Together Someday

Robin Trower

Wide awake in the dark
Pride a place in my heart
We will be together someday
Driving blind all through life
Turn the mind toward the light
We will be together someday
Is the story so unknown

A song of give and take
Don't be the one who gives too little too late
Too little too late
Easy now as it comes
Through the storm the day is won
We will be together mmm someday
