

Full Moon In My Soul

Robyn Hitchcock

The water wheel
Goes round and round
Stick with me baby, you'll be glad
That I'm the one you found
I've got that full moon in my soul
I want to see you now
But down the telephone, it's me that's calling anyhow
I've got that full moon in my soul
Your skin is smooth
Your eyes are closed
You're breathing deeply
What you're thinking about no one knows
I've got that full moon in my soul
I love you madly
The past is over and the present will be sadly
I've got that full moon in my soul
From the darkness inside you
Comes the light that will guide you
I'm out of here, I'm taking off
You can have my cigarettes
And mister, you can have my cough
I've got that full moon in my soul
From the darkness inside you
Comes the light that will guide you
Everywhere, Osiris transform us
Take us where them sunny southern
Winds are gonna warm us
I've got that full moon in my soul
Oh yes, I've got that full moon in my soul
