

## Cut Em Off Freestyle

Roll Deep

Yo, Eskiboy  
Hold tight Rascal  
Roll Deep, yeah  
Let me just do this for them  
Creeper Volume 1, listen  
Hold tight Raskit  
It's all rapid round here  
E3, hold 'em up  
E3, hold 'em up  
East side, hold 'em up  
Eskiboy, yo, listen

My name is Wiley, I'm the master of my flow  
Don't sit there tryna act like you don't know  
I'm from E3, otherwise known as Bow  
I will take you to the cleaners if you try to piss me off  
You've got a cheek telling people that I'm weak  
I could've been dead but I'm still standing on my feet  
The backstreets, the back roads is where we meet  
Don't try backing off, now, take your jacket off, blud  
Some of these soundboys just don't make sense  
They think their crew are hot, they're worth two pence  
Listen to him cause he's chatting nonsense  
Why's he on the line [?] please take him off, blud  
I'm a winner, I'm determined on my path  
I put my brain work in hard on my path  
I'm too confident, the critics make me laugh  
Don't try it, turn that dick to phone off
