

## Do Me Wrong

Roll Deep

"Get ya' shoes get ready let's go out  
Grab ma' keys I'm ready let's fly out  
Oi babe shut the door 'cause tonights your lucky  
I'm a show you how I do the damn thing it's the weekend  
So I fling on a couple new garms  
Ring up a couple of my dogs"

"I got some desil in my truck and so I'm ready to roll  
I got my dollas in my purse and this I already know  
'cause I've been workin 9 to 5 and searchin deep in my soul  
'cause my happyness is in my control.

Put some meaning and a purpose mix it up a bowel  
And you can get it if you want it if you focus control  
And if it's lovin' that you need or some paper to blow  
Don't be waitin' on a man like before"

"Yo, look, yep were doin it yep yep were doin it  
I'm so into your vibe I'm introducing it  
You see my style is so smooth init  
Well you could have it it's yours it's all you in it  
Hold the door to init yeah yeah I'm doin it  
Uncle L L do it so well init  
I'll sweep you off your feet  
I see you round here all day like a...  
Straight into the best busy girl what you like busy boy underst  
and rude girl busy life  
Numbers are nice tho see me b' light I ease in the thighs  
And ease up behind money in the bank tank says full up  
Now we can take mine or yours now just pull up  
Can you pull hood up I'm guessin' you couldn't"
