### Roll Deep

Huh

I hear them asking the questions, hm

How we're rolling?

I tell them all the time, presidential rolling

More seats

More tricks

More treats

Hahahaha, you see?

Look

Wise up time to make your mind up

Make your decision

I'm a big dargs, dargs

Warning, you've already been given

The stories untold but most of it's written

You know the profile, see me pon Myspace you see me with no smile

Smile, I don't do that for pictures

Presidential clique, do road in 7-seaters

Tinted, I want everyone to witness

Big Money Sound, number 1 on Babylon's hitlist

Work it out, you do the math

Fat Mac 90

Presidential status, ever so grimey

Fat Mac 90

I'm an O.G like Co-Dee, East side rider real niggas know me

Sho-sho, local high on hydro

It's NASA, bracka-bracka

It's a lot, Boy Better Know, Roll Deep, Roll Deep, Shangrilu logo

Dutch bop bubble up, fill the money up

Double up, double up

Dun know

Psycho, don't be clever

Skip the ripper, rep my clique forever

Work it out, you do the math

Fat Mac 90

Presidential status, ever so grimey

Fat Mac 90 (Skept, yo)

I move too quickly, they try shoot me but they missed me

No Grand Theft Auto, Linford Christie

Colin Jackson, your girls feeling my Tottenham accent

Sho, we don't say hello

I seen their true colours, Yellow

That's why we can't be friends, I was silly back then

This ain't a skinny Mac 10, it's a Fat Mac 90

I don't wanna clash nobody, except Wiley

Work it out, you do the math

Fat Mac 90

Presidential status, ever so grimey
