Foolproof

Foolproof

That's what my heart's become  
And I challenge anyone to break in  
I challenge anyone to make me open up the door  
Cos I've been fooled before  
And now I'm...

Foolproof

Older and wiser now  
And I'm never gonna fall for that old,  
Never gonna fall for that old  
Fairy tale anymore  
Cos I've been schooled before  
And cos I'm foolproof

And I dare

Anyone to try  
Not a care  
In the world have I  
As long as I am foolproof

Oh no, they can't fool me

Cos I've been around the block a few times  
Been around enough to know I'm  
Coming back for more  
Cos I believe that your heart is pure  
And cos I'm...

Foolproof

That's what my heart's become
