

## In & Yo / Dualities of the Way

Rosetta

Embrace in the hands of the divine  
Cocoon in its warmth  
Embrace and share in a moment  
And sing its praise  
Come rest by a fire  
Come rest your woes sweet wayfarer  
Come rest from burdens embrace  
First for a few moments allow  
Me to express my ways  
A creed of isolation in silhouettes  
Oddly familiar, and oddly at peace  
Quietly weeping, a dance in the breath of embrace  
Quietly sleeping, never noticed  
Quietly offering, a home for those lost souls  
First for a few moments allow me to express my ways  
A creed of salvation, one of disbelief by name  
But faith in gracious movements  
Are you quietly weeping  
Are you quietly offering  
A quick and quiet resolve  
Glutton bested me  
Actions of want and desire  
Glutton bested me with roots bound reaches  
To blend with those of no will
