

You're Nothing

Rotersand

A thousand words are spoken
Thought and yelled
Unheard, unheard, unheard, unheard
A thousand needs uncatered
Suppressed, never met
It hurts, it hurts, it hurts

A thousand tears were rain

Wiped
Our smiled away
Away, away, away, away, away, away, away, away
A hundred fears are triggered
Endured
Remain to stay
To stay, to stay, to stay

You're nothing
I'm it
