

# Let Your Hair Down

Royal Republic

I know something, go, go ahead and speak  
I've got a head full of ideas  
I've got the company you seek  
But it's like you're missing someone  
Maybe something's missing me  
I got no clue where to go, how to get there or why  
But it's awaiting death for me

You gotta let your hair down  
You gotta do it all right  
'Cause when you do it all right  
Hey hey

You gotta let your hair down  
You gotta do it all right  
'Cause when you do it all right  
Hey hey

I know what you know  
Only losers I ever contempt  
I got pushed too hard, got my head in the sand  
Both the rules were already bent  
But it's like you're missing someone  
Maybe something's missing me  
Oh I'm going back to where I'm from  
And she's waiting there for me

You gotta let your hair down  
You gotta do it all right  
'Cause when you do it all right  
Hey hey

You gotta let your hair down  
Gotta look for the trouble where it can't be found  
I said last few shuffle just hanging around  
Back up, hey hey

Na na na na na..  
Na na na na na..

You gotta let your hair down

You gotta let your hair down  
You gotta do it all right  
'Cause when you do it all right  
Hey hey

You gotta let your hair down  
Gotta look for the trouble where it can't be found  
I said last few shuffle just hanging around  
Back up, hey hey

You gotta let your hair down  
You gotta let your hair down  
You gotta let your hair down  
Hey hey

You gotta let your hair down  
Gotta look for the trouble where it can't be found  
I said last few shuffle just hanging around  
Back up, hey hey
