Took a minute to adjust, but right now this big shit is workin'

I'm white just by chance, but I'm country by God's graces

Nowadays I find myself doin' laundry in odd places

But still, I keep it Bubba even into Mr. Kiss and them

Brought 'em down to Athens, let 'em cut with my sister's friend

Now we gettin' blist again, back on the block in Yonkers

and Tim done laced a track, man this shit is hot as bonkers

Kiss, not to flaunt ya, but just tell 'em Bed has come here I'm doin' for my family, but y'all are really done here But Bubba is the truth and perhaps this is discussion Of wither I'm that deal or a product of Tim's percussion Y'all know to him is bustin', so just dap me up and frown on Me and Kiss is necessary, that much you can count on, yeah

How did him and Bubba rise from this dirt and this cow feces?

To show you folks the hope for this changin' shall be me

Notice how he see, the picture for it's painting

and poured you up of this mixture before it was tainted

See I was rydin' ruff only when me and D became aquatinted

and I pledge to maintain it, be damned if I'ma change it

This shit is anus, ain't it? Fuck 'em, Kiss bring it home

I ryde or die with Beat Club, won't bend for the sake of this song

The streets is still mine, I stay with the still nine and it's still long and if I'm stronger than corn like I pinkeyed Niggaz pretend to be weeded, that's what the industry needed Kiss flippin' his flow, enemies heated But we gon' let the gats pop From the old rifles on the dirt road to the handguns on the blacktop Don't get the plot wrong, this ain't a black or white politic thing Cocksucker, it's a hot song
