

## Loved by the One You Love

Rupert Holmes

Look at me, doctor, I can walk again  
Eat and drink and talk again  
You see, somebody's love has healed me  
I don't have to spend my Sunday mornings all alone  
I don't have to be my own best friend  
That's all right for some  
But you've come to your happy end

When you're loved by the one you love  
When you're needed by the one you need  
When you're wanted by the one you want  
Then you finally get to take the lead  
When you're loved by the one you love  
By the one you love

Look at me, darling, I can speak again  
Make it through the weekend, it's true  
And I owe this fortune to you  
And since I think so much of you  
And how you are  
You love means much more by far to me  
For when love is returned  
Then you've learned what your life can be

When you're loved by the one you love  
When you're needed by the one you need  
When you're wanted by the one you want  
Then you finally get to take the lead  
When you're loved

Pay the world no mind  
You'll find what it oughtn't be

When you're loved by the one you love  
When you're needed by the one you need  
When you're wanted by the one you want  
Then you finally get to take the lead  
When you're loved by the one you love...
