Will there be world enough and time for me to sing that song? A voice so silent for so long

For all those years I had to get along, they told me I was wron $\ensuremath{\mathtt{q}}$

I never wanted to belong - I was so strong

(I lack their smiles and their diamonds; I lack their happiness and love

I envy them for all those things, I never got my fair share of)

The lenses inside of me that paint the world black
The pools of poison, the scarlet mist, that spill over into rag
e

The things I've always been denied An early promise that somehow died

A missing part of me that grows around me like a cage A missing part of me that grows around me like a cage

In all your science of the mind, seeking blind through flesh an d bone

Find the blood inside this stone

What I know, I've never shown; what I feel, I've always known I plan my vengeance on my own - and I was always alone

(I lack their smiles and their diamonds; I lack their happiness and love

I envy them for all those things, I never got my fair share of)

The lenses inside of me that paint the world black The pools of poison, the scarlet mist, that spill over into rag ${}^{\circ}$

The things I've always been denied

An early promise that somehow died

A missing part of me that grows around me like a cage A missing part of me that grows around me like a cage

Oh - They tried to get me

Oh - They'll never forget me

The lenses inside of me that paint the world black
The pools of poison, the scarlet mist, that spill over into rag

The things I've always been denied

An early promise that somehow died

A missing part of me that grows around me like a cage

A missing part of me that grows around me like a cage
