

Ariel

Ryan Adams

Damage to her helmet
The ship's jamming transmission push ejection
Ariel
Gone into space
Damages, Spaceships, more ejection
Ariel
Ariel
Come in eject eject eject
Ariel
Reach for the phaser
There's six of them behind her
Six behind two below
And more of them above
There's damage to her helmet
Her ships of control
There's blood on the visor
It's visible on
My communication devices
Ariel
Caught in spin
Jamming transmissions Ariel
Forced ejection, forced ejection
Ariel
Ariel
There's nothing left of this ship
There's nothing left of this ship
There's nothing left of this ship
There is no way of knowing
There's nothing left of this ship
There is no way of knowing
The sky is black as night
Frozen metal pieces snowing
Oh
Ariel
