Do Miss America

Ryan Adams

So, tell me how you feel without your medicine Hold you head feelin' paranoid Sweet sixteen for a schizoid

So, tell me how you feel
Now you're the only one
Held you head in the setting sun
Sweet black smoke with the poison

Hey, come everybody do Miss America Hey, you know when she goes down it's hysterical

So, tell me how you feel without your medicine Hold your head feeling paranoid Running down the street from a mergatroid

So, tell me how you feel
Now you're the only one
Held your head in the setting sun
Sweet black smoke from a crooked gun

Hey, come everybody do Miss America Hey, you know when she goes down it's hysterical
