If you take me back, back to your place I'll try not to bother you, I promise 'Cause it's cold in here and I wish it was hot The sink's broke, it's leaking from the faucet

I'm fractured from the fall
And I wanna go home
But it takes two when it used to take one
It takes two when it used to take only one

Well, my money's no good when I'm up to no good No good ever comes from it, honest I got a really good heart, I just can't catch a break If I could I'd treat you like you wanted me to I promise

But I'm fractured from the fall And I wanna go home I'm fractured when I fall And I wanna go home

It takes two when it used to take one
It takes two when it used to take one
It takes two when it used to take one
It takes two when it used to take only one
