

I see y'all out here  
Out here in your feelings  
Aye you sentimental out here  
Let's go  
They say success is the sweetest revenge  
It smell good out here, right?  
That's right  
You know what to put in the air for all your haters  
One time, it smell like money

Yeah I'm out here and I'm killin'  
They still ain't give me no shine yet  
But I'm still countin' these mill'ns  
Still countin' these mill'ns  
Man I'm out here and I'm killin'  
They still ain't give me no shine yet  
But I'm still countin' these mill'ns

All I needed was 5 racks, I'll get up out of these projects  
All I need was some contacts, I wasn't gettin' no callbacks  
So I put it on my back, that's my grind and my time  
So when I'm countin' these mill'ns, man, that's my money, get my shine  
I don't do it, who the fuck is gon' do it for me?  
All these suckas be hatin' on me  
All I got is my name, homie, damn homie  
I'm only one man, a young boy with that slingshot  
And I'm eatin' how kings do, I'm Rozay and that wing spot

Cause I'm out here and I'm killin'  
They still ain't give me no shine yet  
But I'm still countin' these mill'ns  
Still countin' these mill'ns  
Man I'm out here and I'm killin'  
They still ain't give me no shine yet  
But I'm still countin' these mill'ns  
Still countin' these mill'ns  
Man I'm out here, I'm killin'  
They still ain't give me no shine yet  
But I'm still countin' these mill'ns  
I'm still countin', I'm still countin'  
I'm out here and I'm killin'  
They still ain't give me no shine yet  
But I'm still countin' these mill'ns

Like 2 mil' in the last year, rap music been good to me  
Been just on my hood to me, that's good to me, that's all love  
Wall Streetin' my playground, every day like vacation

World tour's on tilt now, that's hard work and that's patience  
New clothes, new shows, your set, I draw two of those  
And big numbers, I'm doin' those, them projections, I ruin those  
Big Ben gave me good advice, he said, "Lil homie, have faith"  
Now it's lunch meetings 'bout snap cash and I'm pullin' off in that Wraith

Out here and I'm killin'  
They still ain't give me no shine yet  
But I'm still countin' these mill'ns  
Still countin' these mill'ns  
Man I'm out here and I'm killin'  
They still ain't give me no shine yet  
But I'm still countin' these mill'ns  
I'm still countin', I'm still countin'  
I'm out here and I'm killin'  
They still ain't give me no shine yet  
But I'm still countin' these mill'ns  
Still countin' these mill'ns  
Man I'm out here and I'm killin'  
They still ain't give me no shine yet  
But I'm still countin' these mill'ns  
Still countin' these mill'ns

But I'm still countin' these mill'ns  
Still countin' these mill'ns  
Man I'm out here and I'm killin'  
They still ain't give me no shine yet  
But I'm still countin' these mill'ns  
Still countin' these mill'ns
