

Rescue Me

Sabrina Carpenter

If I smile, dancing alone for a while
Would you rescue me?
And if I fall, hoping it's in your arms
I know, know, know you'll rescue me

Hoo-ooh
La la la la da da
Whoa whoa whoa, darling, please rescue me
Hoo-ooh
La la la la da da
Whoa whoa whoa, won't you please rescue me?

Give your heart, baby, just ease your mind
To see that it's meant to be
Cause when I'm with you, darling, it's such a breeze
That I know, know you'll rescue me

Hoo-ooh
La la la la da da
Whoa whoa whoa, darling, please rescue me
Hoo-ooh
La la la la da da
Whoa whoa whoa, won't you please rescue me?

And honey, if you see me drowning
Baby, fish me out; I'm falling
I just need a voice for calling
And can't you see I trust you always?
So I will linger 'til you know
That I will never let you go if you rescue me

If I smile, dancing alone for a while
Would you rescue me?
And if I fall, hoping it's in your arms
I know, know, know you'll rescue me
