

The Light Is You

Said the Whale

Teddybear, honey bee
Don't forget that you love me
More than the stars over your head
It's just that your love shines like the moon
Full and bright and blinding through
Into my heart, into my head

When it's so dark I can't see the light
I close my eyes and I think of you
My little love, my only girl
I wouldn't leave you for all the world
I'll just sit here and wait for your moon to rise
When it's so dark I can't see the light
Well I close my eyes and I think of you

When it's so dark I can't see the light
Well I think of you
When it's so dark I can see the light
Shining through you
