

## Another Fight

Saint Asonia

Many times I've taken  
The wrong road by mistake and many times  
I meant to get lost  
And every bad decision  
Lost in every admonition  
Was a way to burn  
A bridge that I crossed

It's not too late to start again

Alright, hold tight  
I'm never gonna lose another fight  
In time, you'll find  
There's nothing you can say to change my mind  
I don't feel bad, now I know that  
There's a new life waiting for me  
Alright, hold tight  
I'm never gonna lose another fight

Many nights I waken  
To a city that's forsaken  
And many nights I've tried to sleep through  
But when we face the darkness  
A light goes on inside us  
And somehow we know just what to do

It's not too late to start again

Alright, hold tight  
I'm never gonna lose another fight  
In time, you'll find  
There's nothing you can say to change my mind  
I don't feel bad, now I know that  
There's a new life waiting for me  
Alright, hold tight  
I'm never gonna lose another fight

You're never safe, you're never sound  
Will you help me, will you throw me to the ground  
I am done letting pain push me around  
I'm getting up, you're going down

Alright, hold tight  
I'm never gonna lose another fight  
In time, you'll find  
There's nothing you can say to change my mind  
I don't feel bad, now I know that  
There's a new life waiting for me  
Alright, hold tight  
I'm never gonna lose another fight  
I'm never gonna lose another fight
