

Kiss and Make Up

Saint Etienne

Without beforehand thinking,
sometimes I say things.
I could never hate you.
I could never hate you.

I do not mean one
word of what I say.
I don't hate you.
I don't, I do not.

Let's kiss and make up,
let's kiss and make up.
Let's you and I
kiss and make up.
Let's kiss and make up,
let's kiss and make up.
Let's you and I
kiss and make up.

Without beforehand thinking,
sometimes I say things.
I could never hate you.
I could never hate you.

I do not mean one
word of what I say.
I don't hate you.
I love you.

Let's kiss and make up,
let's kiss and make up.
Let's you and I
kiss and make up.
Let's kiss and make up,
let's kiss and make up.
Let's you and I
kiss and make up.

Let's kiss and make up,
let's kiss and make up.
Let's you and I
kiss and make up.
Let's kiss and make up,
let's kiss and make up.
Let's you and I
kiss and make up.
