

Method of Modern Love

Saint Etienne

No rules for foolish hearts...
It only takes a moment to rewrite
Every single page, you never know
When you feel your eyes lock and engage
Changing time forever
There's no sense of reason why we're shot
With a bolt of blue
And there's no par for the heart to follow
No-one's side that you have to choose
No rules for foolish hearts
Never looking too hard
That's the method of modern love
One touch is not enough
When you start, you can't stop
That's the method of modern love
You know there's more, there's more to modern love
There's more, there's more to modern love
You know there's more, there's more, there's more to love
There's more, there's more, there's more, there's more
This primitive connection that we have
No resistance to it's a design
And it's our protection, leads to me
And it leads to you
Captured in an instant, saw the sparks
Multiple and fall
As we align for the next sensation
Coming close, what you waiting for?
No rules for foolish hearts
Never looking too hard
That's the method of modern love
One touch is not enough
When you start, you can't stop
That's the method of modern love
You know there's more, there's more to modern love
There's more, there's more to modern love
You know there's more, there's more, there's more to love
There's more, there's more, there's more, there's more
It's love, love
L-O-V-E
Love, love
L-O-V-E
Oh, it's love, love
L-O-V-E
Love...
No rules for foolish hearts
Never looking too hard
That's the method of modern love
One touch is not enough
When you start, you can't stop
That's the method of modern love
