

# Shoot Out the Lights

Saint Etienne

Who's that knocking on my door?  
And who's that lying on the floor?  
Driving through the pouring rain again  
Romeo let's go  
Shoot 'em out  
Shoot out the lights  
C'mon and shoot 'em out  
Here comes the night  
Let's make it all right  
Better leave the motor on  
Send a signal nothing's wrong  
Jesus Christ, the radio has gone  
And the shout black as night  
Shoot 'em out  
Shoot out the lights  
C'mon and shoot 'em out  
Here comes the night  
Let's make it all right  
Shoot 'em out  
Shoot out the lights  
C'mon and shoot 'em out  
Here comes the night  
Let's make it all right
