

As the Crow Flies

Sam Brown

Don't mess with life
Don't beat around the bush
Wear your heart on your sleeve
Don't let anybody push you around
Hold a tight rein
And take up the slack
Learn to focus your brain
And you'll never look back

Take it all in your stride
Walk the road of life
As the crow flies

Pick up your feet
And hold your head up high
You can meet people halfway
But never say die
Learn to play the game
But don't live the lie
You can't stop the rain
But you can still see the sky

Take it all in your stride
Walk the road of life
As the crow flies
