

I Take What I Want

Sam & Dave

I take what I want, I'm a bad go-getter, yeah, yes I am
I'm never a loser and I'm never a quitter, yeah, oh no
'Cause I take what I want, yeah yeah, baby I want you, yes, you

I've been watchin' you walk by, and I haven't said a word, not
one word
But now I'm ready to get you and I'm gonna make you my girl, my
lovin' girl
'Cause I take what I want, yeah yeah, baby I want you

Gonna pick you up now, carry you away, yes I am
So you better pack up now baby, pack him up today
Here I come, just a big bad man
When I walk away, baby, you'll be holdin' my hand

'Cause I take what I want, I'm a bad go-getter, yeah, yes I am
But now I'm ready to get you and I'm gonna make you my girl, my
lovin' girl
'Cause I take what I want, yeah baby I want you
Nobody but you, baby (whaddya need now?)
Nobody but you, your love to be by my side
Your heart to be by my guide, told your mind
I love you baby, nothin' but your soul
