

Sleep Good Tonight

Sam & Dave

Sleep good tonight
You're in command
Sleep good tonight
You've got your man

I could have been running
But oh what's the use
You got me hooked
And I can't get a loose
Don't worry yourself
There ain't nobody else

Sleep good tonight
You're in command

If you can't find me
Right when you need me
Oh I ain't doing wrong
And I ain't being funny
I'm somewhere trying to make some money

Sleep good tonight
You're in command
Sleep good tonight
You've got your man

Just crawl up on your pillow
And sleep like you used to do
Cause I've got no feeling
For nobody else but you

Sleep good tonight
You're in command
Sleep good tonight
You've got your man
