

Hard to Forget

Sam Hunt

There stands the glass
That will ease all my pain
That will settle my brain
It's my first one today
There stands the glass
That-that relieves all my pain
That-that will settle my brain
It's-it's my first one today
Hey

I saw your sister at work
I saw your mama at church
I'm pretty sure I saw your car at the mall
I see your face in the clouds
I smell your perfume in crowds
I swear your number's all my phone wants to call

It's kinda funny how I can't seem
To get away from you
It's almost like you don't want me to

You've got a cold heart and the cold hard truth
I got a bottle of whiskey but I've got no proof
That you showed up tonight in that dress
Just to mess with my head
So much for so long, out of sight, out of mind
Girl you're looking so good, it's driving me out of mine
Aw you're breaking my heart
Baby you're playing hard to forget

Told me to leave all your things
Out on the porch on the swing
You'd come and grab them by the end of the week
It's just some jeans and a shirt
But it's a whole lot of hurt
I think I know why you've been dragging your feet

Ain't it funny how I can't seem
To get away from you
It's almost like you don't want me to

You've got a cold heart and the cold hard truth
I got a bottle of whiskey but I've got no proof
That you showed up tonight in that dress
Just to mess with my head
So much for so long, out of sight, out of mind
Girl you're looking so good, it's driving me out of mine
Aw you're breaking my heart
Baby you're playing hard to forget

There stands the glass
That-that will ease all my pain
That-that will settle my brain
It's-it's my first one today

You've got a cold heart and the cold hard truth
I got a bottle of whiskey but I've got no proof

That you showed up tonight in that dress
Just to mess with my head
So much for so long, out of sight, out of mind
Girl you're looking so good, it's driving me out of mine
Aw you're breaking my heart
Baby you're playing hard to forget

Aw honey I'm falling apart
You're playing hard to forget
