

Let It Down

Sam Hunt

I know it's gon' hurt, yeah, I ain't gonna lie
Truth is I'm liable to cry
One foot in, one out the door
Ain't no use going back and forth

But if you gotta do what you gotta do
Just make sure you thought it through
'Cause I'ma be a heart broke down and out
If you leave me girl, don't leave me now

C'mon baby let it down
Let it down, let it down on down the line
Show me a little mercy
Before you break this heart of mine
Let it down, let it down
Let it down on down the line
If you give me till tomorrow, I'll be fine

Oh, I know your minds made up, you're good as gone
Hold your horses, hold the phone
I'ma need a quick second to breathe
'Fore you pack your bags, just up and leave

So give me your word you ain't gon' go
Before the sunrise and the rooster crows
I know it's too late, can't make it right
What's it gonna hurt, just one more night?

C'mon baby let it down
Let it down, let it down on down the line
Show me a little mercy
Before you break this heart of mine
Let it down, let it down
Let it down on down the line
If you give me till tomorrow, I'll be fine

I'll be fine

C'mon baby, it can't be that bad
Don't you do me like this
Looking like that
Aww, what's one more night?
You got your whole life
To leave me high and dry
(Come on now!)

C'mon baby let it down
Let it down, let it down on down the line
Show me a little mercy
Before you break this heart of mine
Let it down, let it down
Let it down on down the line
If you give me 'til tomorrow, I'll be fine

Let it down, let it down
Let it down on down the line

I'll be fine, I'll be fine, I'll be fine
Oh, I'll be fine, I'll be fine, I'll be fine
