

# Metal Skin

Sam Roberts

You can turn me on by remote control  
You tell me love is just a chemical  
And if this is true then I don't need you  
I don't need anyone, I don't need anyone

My mind is dull and it's full of rust  
But my veins are full of wanderlust  
Wanna feel good, feel like it's almost real  
I could be anyone, I could be anyone

I feel so mechanical  
I wanna run with the animals  
Wanna shed my metal skin  
Wanna forget everything  
Someone free the radicals  
The world gets too predictable  
Wanna shed my skin  
Wanna forget everything

Woah  
Looking for somewhere to change  
Deep in the night I can hear you call my name  
I'm already leaving, and I ain't never coming back again  
And if I did I wouldn't be the same

I feel so mechanical  
I wanna run with the animals  
Wanna shed my metal skin  
Wanna forget everything  
Someone free the radicals  
The world gets too predictable  
Wanna shed my skin  
Wanna forget everything

Late last night, the night before  
You were on the street you were looking for  
Some human touch, oh some human touch  
Skin so tight can't take no more  
You're on your knees, heading to the floor  
And losing touch, you been losing touch

Woah  
Looking for somewhere to change  
Deep in the night I can hear you call my name  
I'm already leaving, and I ain't never coming back again  
And if I did I wouldn't be the same

I feel so mechanical  
I wanna run with the animals  
Wanna shed my metal skin  
Wanna forget everything  
Someone free the radicals  
The world gets too predictable  
Wanna shed my skin  
Wanna forget everything

Late last night, the night before

You were on the street you were looking for  
Some human touch, some human touch  
Skin so tight can't take no more  
You're on your knees, heading to the floor  
And losing touch, you been losing touch

Late last night, the night before  
You were on the street you were looking for  
Some human touch, some human touch  
Skin so tight can't take no more  
You're on your knees, heading to the floor  
And losing touch, you been losing touch
