

Shades of Grey

Sam Sparro

I told the sun not to shine on me
I wanna stay inside all day
Stare at the window tryna look for you
I saw 16 shades of grey
(I'm under the weather baby)

I won't even answer my door
I can't get out of my bed
I'm tryna get you out of my head
(I'm under the weather baby)
The summers never felt this warm
The flowers never smelt the same
Our love was like the perfect storm
I'm drowning underneath your rain

I locked my heart up and I hid away the key
But I knew where I put it, when you come back to me
I'm a grown man and I'm cryin' in my pillow
Can't do a thing when my heart is in limbo
(I'm under the weather baby, mmm)

I won't even answer my door
I can't get out of my bed
I'm tryna get you out of my head
(I'm under the weather baby)
The summers never felt this warm
The flowers never smelt the same
Our love was like the perfect storm
I'm drowning underneath your rain

When you do what you do
Your gonna hurt somebody,
Hurt somebody, hurt somebody
When you do what you do
Your gonna hurt somebody,
Lose somebody, never knew somebody
Could be so bold, be so cold
Your gonna yell for me when you get old
When you do what you do, you might miss somebody,
Miss somebody baby (ooh)

I won't even answer my door
I can't get out of my bed
I'm tryna get you out of my head
(I'm under the weather baby)
The summers never felt this warm
The flowers never smelt the same
Our love was like the perfect storm
I'm drowning underneath your rain

I won't even answer my door
I can't get out of my bed
I'm tryna get you out of my head
(I'm under the weather baby)
