

# Walking Backwards

Sam Tsui

Watching the ground,  
I swear I've seen these streets before,  
I gotta turn it around  
Don't wanna be here anymore  
Gotta change the way I've been facing,  
Spending all my time retracing old scars  
So far from where I wanna be  
Don't walk with me

Cause I take one step forward and two steps back  
I'm headed the wrong way,  
The wrong way on the right track

Like I'm walking backwards  
Like standing still would be faster  
Cause I know disaster is after me  
But I'll get the last word this chapter, you'll see  
If I stop walking backwards

Staring ahead  
I tell my feet to follow but they're  
Just reversing instead  
Wouldn't you think that I'd know by now  
This is all too familiar  
Who knew deja-vu could kill you  
Oh no, here I go, it all repeats,  
Don't follow me

Cause I take one step forward and two steps back  
I'm headed the wrong way,  
The wrong way on the right track

Like I'm walking backwards  
Like standing still would be faster  
Cause I know disaster is after me  
But I'll get the last word this chapter, you'll see  
If I stop walking backwards

So maybe I'll crash, and maybe I'll burn  
But maybe I'll turn this thing around  
If something can change, and lessons are learned  
It isn't too late to make up ground  
I'm making up ground

'Cause I'm walking backwards  
Like standing still would be faster  
Cause I know disaster is after me  
But I'll get the last word this chapter, you'll see  
If I stop walking backwards, hey  
(Like standing still would be faster)  
'Cause I know disaster is after me  
But I'll get the last word this chapter, you'll see  
If I stop walking backwards, hey
