

Blood In The Water

Samantha Fish

Hoo-oooh

Hoo-oooh

Run from your people

Run from your home

What is the matter?

What's goin' on?

I see the panic

I hear the howl

Tell me what did they do now

Hoo-oooh

There is blood in the water

Hoo-oooh

There is blood in the water

Where will you go?

I'd like to know

'Cause I've been thinking 'bout cutting out too

I see you still

It's just a chill

A thought that haunts everything that I do

Hoo-oooh

There is blood in the water

Hoo-oooh

There is blood in the water

[?] blows

The bones exposed

While I was staring at the ground

All of those fears finally disappeared

How could we forget you now?

Hoo-oooh

There is blood in the water

Hoo-oooh

There is blood in the water

Hoo-oooh

There is blood in the water

Hoo-oooh

There is blood in the water

Hoo-oooh

Hoo-oooh
