

Chills & Fever

Samantha Fish

Woah, chills and fever
Oh, chills and fever
Oh, chills and fever
Chills and fever's what you give to me

When you hold my hand
Tell me that you're my loving man
Kiss me and squeeze me tight
Tell me baby, wanna love all night?

I get low, chills and fever
Oh, chills and fever
Oh, chills and fever
Chills and fever's what you give to me

When it's late at night
And when you hold me tight
Tell me that you love me so
Never, ever, ever let me go

I get low, chills and fever
Oh, chills and fever
Oh, chills and fever
Chills and fever's what you give to me

I get low, chills and fever

Oh, chills and fever
Oh, chills and fever
Chills and fever's what you give to me

Oh, why
Oh!

You can call me anytime
I'll come running rain or shine
Tell you that I love you so
Never, ever, ever let you go

I get low, chills and fever
Oh, chills and fever
Oh, chills and fever
Chills and fever's what you give to me

I get low, chills and fever
Oh, chills and fever
Oh, chills and fever
Chills and fever's what you give to me

I get low, chills and fever
Oh, chills and fever
Oh, chills and fever
Chills and fever's what you give to me
