

Mind Blowing

Sámer Issa

Hey, can you hear me? You drive me crazy,
I really don't know how much longer I can stand it
Cuz you're so sexy. Please be my baby.
I'm gonna give you everything you just ask me.

I can't be static, need a medic, wanna get it.
I get mad just when I think about somebody else with you.

Girl, what you got, you gotta lot,
you make me hot. And everybody says:
oh man, this girl is really

Mind blowin', blowin' my mind,
She's mind blowin', almost a crime.
Mind blowin', blowin' my mind.
Mind blowin', she's mind blowin'.

What must I do for you? How can I get with you?
I need you by my side totally, baby.
I'll give you all I can, I'll get you in the end.
I want you in my arms, yeah, baby.
